

Kommunan fer sjálv at byggja randarhús

Fólk óttast óvæntaðar prishækkingar, og tí er stórir frimunur at bjóða fólki lyklaklár hús til fastan prís, sigur bygdarráðsformaðurin á Argjum

Húsinu eru nú við at koma upp á Hamrinum á Argjum. Útsýnið er gott. Kanska ikki av veðurbestu plássum í miðstadarokinum, men kortini ikki verri enn mangi aðrastaðni her um leiðir. Myndir: Kalmar

Uppi á Hamrinum á Argjum er byggibúgvingin til tey 76 sethúsinu og 32 randarhúsinu um at verða liðug. Stórir áhugi hevur verið fyri vanligu sethúsa-grundstykkjunum, men lítil áhugi hevur higartil verið fyri at byggja randarhús.

Í løtuni eru átta grundstykki útgrivin, nøkur hús komin áleiðis, og hin fyrsti flytur innar um ársskiftið. 20 hava biðið um byggiloyvi, og 10 av teimum 76 eru enn óseld.

Byggja randarhús

Nú hevur eitt privat felag biðið um at keypa eitt byggibúgví øki til 10 randarhús. Fyrsta dagin verður lýst eftir áhugaðum keyparam til liðug randarhús, og vísir tað seg, at áhugin er nóg stórir, fer byggifelagið undir at byggja hesi 10 randarhúsin. Áðanin er, at tey skulu latast fólki lyklaklár.

Randarhúsinu skulu byggjast í trimum blokkum við ávikavist 10, 11 og 11 húsum í hvørjum. Sjálf

hevur Argjum Kommuna somu ætlanir at byggja eina lón við 11 húsum upp. Eisini í hesum føri er ætlanin at lata fólkið húsini liðug.

Erland T. Jacobsen, bygdarráðsformaður á Argjum sigur, at orsøkin til, at kommunan tekur hetta stig, eins og hon letur privatum byggifelagi at byggja ein av blokkunum er, at fólk ynskja eina hús til fastan prís. Fólk óttast óvæntaðar útreiðslur, sigur hann. Erland T. Jacobsen

sigur seg ikki ivast í, at fáa fólk eitt tilfíkt tilboð, fer ikki at stand á at fáa húsinu seld.
