

We are a shipping company located in Tórshavn in the Faroe Islands, catering to internationally renowned oil companies such as Statoil, BP and BG.

We currently operate in the Faroe Islands, North Sea and in East Africa, with our 5 state of the art platform supply vessels, equipped for NOFO, stand-by rescue and supply duties.

We have a consistent workforce of experienced, highly qualified and flexible Faroese seamen, and a total of 135 employees, off-shore and on-shore.

We strive to develop our relationships and services, always founded on our mission, which is to provide reliable and safe support for international off-shore oil and gas production and exploration.

Based in the Faroe Islands, we are proud of being part of our home country's strong maritime culture and traditions.

We are Skansi Offshore. And we strive for perfection.
