

EXPLORE THE ISLANDS

Svínøya

EXCURSIONS IN NORÐOYGGJAR

Norðøya Kunningarstova arranges several excursions daily, if the attendance is sufficient. Among the excursions are:

BUS TOURS:

Viðareiði: We start by visiting the village of Árnafjørður and continue to Viðareiði, where we visit the church and have a cup of coffee. We end the tour with a visit to the museum Norðøya Fornminnisavn.

HISTORIC SIGHTSEEING TOUR OF KLAKSVÍK:

A tour of the town where we visit the Christianskirkjan, the museum Norðøya Fornminnisavn and the plantation, Úti í Grøv.

BOAT TRIPS IN NORÐOYGGJAR:

Three of the six Northern Islands, Fugloy, Svínøya and Kalsoy, have no road connection to the other islands due to the distances

involved. There is a ferry sailing to Kalsoy from Klaksvík, but Svínøya and Fugloy are dependent upon the post boat and today, this is a popular tourist attraction due to the wonderful scenic experience.

FAROESE EVENING:

The tourist information in Klaksvík can on request, arrange a Faroese cultural evening with entertainment, dancing and a light meal of

Faroese specialities. Advance booking necessary.

WALKING TOURS:

The tourist information in Klaksvík arranges several guided walking tours. Arranged in cooperation with the guide, they are an experience for both mind and soul. There are easy tours and more difficult ones for the experienced hiker.

SEA ANGLING:

What could be more natural than to go on a fishing trip from Klaksvík? – the Faroe Islands largest and most important fishing port. There are good opportunities to come out to the best fishing spots from Klaksvík, both to the north and to the south, in all weathers. It will be an unforgettable experience for the lone tourist, groups or the whole family to feel the fish bite.

BOAT TRIP TO ONE OF THE WORLD'S HIGHEST HEADLANDS:

A headland is measured from the surface of the sea upwards. One of the highest headlands in the world (750 metres) is the northernmost part of Viðøya. Nevertheless, on account of the changeable weather conditions, few people manage to sail out there. You might be one of the lucky ones.
