Whether by boat or from shore, there are opportunities to fish in Vágur. Deep sea fishing is possible with local fisherman in his boat. Deep sea fishing in the Faroe Islands is unlike anything you have experienced before; the beautiful scenery and splendid tranquillity makes fishing a truly extraordinary experience. Why not try this with a local fisherman in Vágur?

VisitVagar can arrange a four-hour guided tour to the pearl of the Faroes, Mykines. The passenger boat takes you from the quay in Sørvágur to the island where the scenery and birdlife is unique. Duration from when leaving Sørvágur until you are back on mainland is seven and a half hours. Please contact VisitVagar for more information.

Lakeside offers a trip with the boat on the lake Sørvágsvatn/ Leitisvatn. The boat is the only one of its kind in the Faroes. Here you will

sit in comfort with a fantastic view and glide across the large expanse of water. We sail from a jetty in the village of Vatnsøyrar, which was named "Lakeside" by the English soldiers stationed there during World War II. Then it is on route to the lake's south side

to disembark and walk to the Bøsdalafossur. Make sure to book this trip in advance and note that it will only be arranged for larger groups.
