NORSKU SERENA MANEESH Á G!

Ein ljóðmúrur av vakurleika og larmi, soleiðis lýsir G!Festivalurin nýggjasta navnið á skránni, norsku Serena Maneesh

Triði bólkurin, ið G! avdúkar hesa vikuna, er í mun til gamla gospel bólkin, ið varð avdúkaður í gjár ein nýggjum og spennandi bólkur. Sambært G! er hetta ein bólkur, sum av mongum verður mettur sum eitt hitt mest spennandi skandinaviska rokk-navnið í nýggjari tíð. Tey spæla ógvusligan og inniligan óljóðs rokk, ið er sum ein tvørskurður úr rokk-søguni, settur saman til ein oyradoyvandi og stórbæran ljóðmúr, skrivar Gfestival.com

Fleiri av lögnum hjá Serena Maneesh eru eins og stríðsvallir, har harmoniskir melodiir og dissonantir múrar av larmi bresta saman, og er hetta nærum hin aldargamli bardagin millum gott og ilt, bara við ljóðførum til vápn.

Tónleikurin fevnir um íblástur úr rokk-søguni, líka frá gomlum amerikanskum suðurstats

blues tónleiki, yvir Gershwin, kamartónleik, 60'ara óljóðsrokk, (The Velvet Underground), týskan 70'ara kraut rokk (Neu! og Can), skotskan og amerikanskan óljóðs rokk úr 80'unum (The Jesus and Mary Chain, Primal Scream, Sonic Youth) og enskan 90'ara óljóðs popp (My Bloody Valentine, Slowdive), verður millum annað sagt.

Bæði í Evropa og USA fær Serena Maneesh framúr góð skoðsmál við orðingum sum "rúnarbindandi" og "transenderandi tónleikauppliving fyrri konsertir sínar.

-Tá ið tónleikur er óvanliga vakur, verður stundum tikið til, at "einglarnir syngja." Í hesum førinum er tann myndlýsingin ikki heilt nøktandi. Rættast er heldur at siga, at soleiðis ljóðar, tá einglarnir skríggja! Tí kunnu rock- og larmglaðir føroyingar gleða seg til Serena Maneesh vitja Gøtusand. óljóðs rokkur, har fortíðin gerst sprell-livandi nútíð, við beinari kós inn í framtíðina.

"Serena-Maneesh ljóðar sum plátan, ið nógvir bólkar royna at gera gjøgnum alla sína karrieru. Gamaní, bólkurin er borin avstað á einum gandateppi av internet hype, men hann er verdur hvørt orð. Um tað er satt, at alt hetta er gjørt fyrr, so er hetta óiva besta endursending, vit fara at hoyra í árávís."

skrivaði Chris Gliddon, Prefix Magazine, um fløguna og gav henni 8 av 10 stjørnum.

Grapevine er eitt av best umtóktu mentanartíðarritunum í Íslandi

Grapevine ummælir Sic

Ensk mæltá mentanartíðiritið í Reykjavík, The Reykjavík Grapevine ummælir á heimasíðu síni grapevine.is fløguna Pandemonium hjá Sic, sum vit ummæla aðrastaðni í blaðnum. Samanumtikið er ummælið sera jaligt,, flógan verður rópt ein sera sterk og undirhaldandi debut. Lógini Reach Inside, Done Pretending og Keep It To Yourself verða nevnd sum hæddarpunkt, meðan ummælarin er samdur við ummælaranum hjá Planet.fo, um at lagið Number 6 er rættiliga burturvið.

Ummælarin sigur, at bólkurin við sínum nu-metal/post-trash rótum, ikki beinleiðis eru nýskapandi. Men at teir gera tað, sum teir gera sera væl. Mikkjal Gaard Hansen verður sammettur við ein ungan Phil Anselmo, og hetta má metast at vera stórir skógvar at fylla, fyrrverandi Panthera sangarin er vordin eitt satt ikon. Grapevine metir at størsti veikleikin hjá Sic, teirra ungdómur, er samstundis teirra størsta styrki.
