|                                                                                    | Tlz Ou D315                     |                                                                                   |       | 76:30                                                                                         |
|                                                                                    | Tlz Ou D315                     |                                                                                   |       | 77:00                                                                                         |

## Skergarðurin – ein bátaferð í Norra.

 **Sunnukvøldið kl. 20.00**

Tað var ein floti av ikki minni enn 10 føroyskum bátum, sum í fjør stevndi út frá Bergen, og suður í gjøgnum tann norska skergarðin. Hetta ferðamáli er um at gerast alt meira vælumtókt millum føroyskar bátæigarar. Har eru vælskipað siglingarviðurskifti, men tað ræður sanniliga um at vera ansin, tí skerini eru mong. Sjónnarpið var við á ferðini, og vit fáa eitt innlit í, hvussu tað er at ferðast umborð á
