EMS Ship Management (Denmark) A/S

"Through dedication and innovation we will make a difference"

Superintendent for Gas carriers

We are looking for a Superintendent for the technical management of gas carriers.

You will be responsible for the daily management of four to five ships.

We manage 35 gas ships for the Eitzen Gas and ENGC pools, where a newbuilding programme has been commenced in order to replace elder tonnage and as part of expansion plans.

We offer

A challenging and international position based in Gentofte, North of Copenhagen. Good development opportunities in a company which is in constant growth and restructuring. A training and tuition programme will be arranged based on your qualifications.

Personal qualifications

There are a number of entry points for this exciting position, e.g.:

- You are an officer with experience from gas ships.
- You are land based and have experience with installation and service of gas plants on ships.
- You are an superintendent with experience from the management of gas ships, or
- You are an superintendent with management experience from other types of ships.

We work in an international environment with colleagues from many different countries. It is therefore important that you have a good understanding for cultural differences. Our Group language is English and it is therefore important that you speak and write English. Your working day will be busy, but you will experience good teamwork and humour.

Eitzen Group is in constant development and to accommodate our many employees, we will be moving to newly built offices on Amerika Plads in Copenhagen during the Spring 2008.

To learn more about this position, please contact: Marine Personnel Manager Runi Egholm on tel. +45 7733 8450 or Mob. +45 3038 1115 Vice President Jeppe Guld on tel. +45 7733 8417 or Mob. +45 2937 1760

Your applications should be sent to: job@eitzen-group.com under subject "Superintendent" before 7th September 2007.
