

Our success is your success

Attention Faroese and foreign workers!

We need you to work in our restaurants in the shopping centre in Tórshavn, the capital of the Faroe Islands.

It doesn't matter if you are coming from Sumba, Hattarvík, Skipanes, Umeå, Bergen, Hafnafjørður, Skive or any other places. And it doesn't matter if you speak Faroese or not, because we will not treat you as equal anyway. We believe that our success is your success, and therefore anyone who puts an extra effort into their job is in our mind more equal than others and will get an extra paycheck. That's how we appreciate your effort and commitment.

If you want the money and other advantages, the hard work, the fun and freedom to work a lot or not, please contact us.
