

A CENTRE FOR MARITIME SERVICE

The maritime oasis in the North Atlantic:

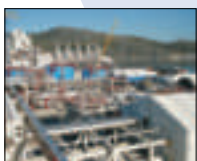

- Ship building and repair
- Workshop
- Slipways and drydock
- Tug boats and cranes
- Vibration analysis
- Agencies, spares and sale
- Manpower

Besides principal shipyard business of newbuilding, conversion and repair, Farøeyard is engaged in a number of landbased activities.

Farøeyard's diverse workforce of 350 employees are specialised in mechanics, steel, electricity, timber and paint.

Other parts of Farøeyard's activities includes a comprehensive spares department, a number of general agencies as well as rental of tugboats and cranes.

Since PAM Offshore Service, a subsidiary, was established in 1998, we have been a natural and reliable partner making services for the offshore industry in Norway.

This diversity gives Farøeyard a headstart when meeting the demands of its customers.
