Welcome to the heart of the Faroes

Stay in Hostel.fo and reach all the Faroes within two hours.

Hostel.fo is run on a commercial basis but this is not the only explanation behind the success since we started in 1992. Accommodation and communication with the guest are our main passion and thereby the main motivation behind the whole business.

Although a generational change has taken place in the company, the objectives remain the same. What is new, however, is that in the recent years we have attempted to broaden the range of accommodation possibilities and bring more variety into the business.

As a result of this, we now attract a wider variety of visitors making our work at Hostel.fo more interesting and exciting all the time.

At the same time, this makes a greater demand on us as host and provider. But our staff have chosen this as their life style, which means that we are able to preserve the close contact with our guests. Our aim is to provide cosy and safe accommodation for our visitors.

Hostel.fo enjoys visitors from all around the world.

We look forward to see you.
