

Skjótari karantenu

Nú enska Premier League er farin í gongd aftur, verða spælarnir hildnir í stuttum tjóðri, tá tað snýr seg um at fáa karantenu fyri gul kort. Fyrr hevur ein spælari fingið karantenu í ein dyst, um hann fekk fimm gul kort innan endan á februar, men nú er henda freistin framskundað til 31. desember. Og meðan sjej dagar gingu, áðrenn ein karantena fekk gildið, fær hon nú beinanvegin gildið.

Fyrsti venjarin sekkin

Nóg illa er enska fótbóltskappingin komin í gongd, so hevur fyrsti venjarin fingið sekkin. Leiðslan í Norwich helt 1-7 tapið fyri Colchester í fyrsta kappingarumfarinum í triðbestu deildini vera dropan, ið fekk bikarið at flóta yvir, og tí fekk venjarin, Bryan Gunn, fótin fríggjadagin. Í tíð síni sum spælari var Gunn 477 ferðir á liðnum hjá Norwich, men sum venjari helt hann minni enn eitt ár.
